

# Bhuwan Pariyar

## Backend Developer

I am a dedicated web developer with nearly 2 years of hands-on experience in crafting robust and scalable web applications. Proficient in building RESTful APIs, I specialize in creating seamless connections between front-end and back-end systems. My expertise extends to integrating third-party services and APIs, enhancing the functionality and user experience of web applications.

## Experience

### 2022 - Present

Xelwel Innovation Pvt. Ltd. | Samakhushi, Kathmandu

#### Backend Developer

- Collaborated with the development team to design, develop, and maintain web applications using the PHP Laravel framework, CodeIgniter, ReactJs
- Implemented new features and enhancements based on project requirements and specifications.
- Worked with databases, performed query optimization, and ensured data integrity.
- Integrated third-party APIs and services to enhance application functionality.
- Participated in code reviews to ensure code quality and adherence to coding standards.

### Projects Involved

#### HRIS

This system serves as a centralized platform that integrates multiple HR functions, allowing for efficient management of employee data, Roster, payroll, benefits administration, performance evaluations, recruitment, and more.
